The first General Membership meeting for the newly chartered Douglas County Federation of Retirees was held on January 28, 2009 at Sand Creek Elementary in Highlands Ranch. The newly elected Executive Board conducted business including accepting By-Laws drafted by the membership.

Standing committees were appointed. They are:

Increasing membership will be the priority for the Executive Board. Strategies have been discussed as to increasing our retiree membership.

The DCFR has been invited by the Douglas County Federation to set up an “informational table” at the upcoming meetings for employees considering retirement and/or resignation. The District and the Union have adopted three options for employees to consider. These options will be discussed, at length, at each meeting.
