- Serve on Fiscal Oversight Committee since April 2010.

Why Kevin Larsen? I have been passionately interested in Douglas County schools and an active contributor in numerous ways for more than 15 years. This is a natural step for which I have prepared well. I have attended nearly every DCSD Board of Education meeting since the fall of 2009. In all my leadership responsibilities I have been honest with my viewpoints, listened to those of others, and after careful analysis and weighing of the facts available, have always done what I believe is right. I am a firm believer in finding solutions at the most local level possible, but I have also witnessed and testified at state legislative committee hearings on issues important to Douglas County Schools.

I am a problem solver and a leader who works with the community to fully understand issues and move forward to achieve the best goals.
